POLO PONIES RACE AT SAN FRANCISCO

Society Event the Feature of Yesterday's Meet on the California Track.

SAN FRANCISCO, April 9.—One of the features at Oakland today was a special race at a quarter of a mile for polo ponies, the entries being Walter Hobart's Silver Dick, Miss Miller, owned by Paul Clagstone, and Rudolph Spreckles' Becky. Silver Dick ruled a 1 to 2 favorite. There was a long delay at the post, due to the unruly actions of Miss Miller. Silver Dick won as he pleased from Miss Miller. A handicap, at a mile and a sixteenth, drew a good field, Honten being a 1 to 2 favorite. The break was a poor one, Honten stumbling, while Divina was practically left, the boy pulling her up after a short distance. Honten assumed command early and opened a gap in the field. Though trying badly she lasted long enough to beat Gateway by a neck. Five favorites were returned winners, and the twenty-one books in line had the worst of the argument. Results: First race, six furlongs, selling—Wiggins won, My Surprise second, Titus third, Time, 1:12. Second race, four furlongs, purse—The Mite won, George P. McNeer second, Sea Air third, Time, 1:08. Third race, mile and a furlong, selling—Chickadee won, Searcher second, Billy Moore third, Time, 1:54. Fourth race, one-quarter of a mile, ponies, purse—Silver Dick, 125 (Bonner), 1 to 2 won; Miss Miller, 115 (H. Spencer), 12 to 1, second; Becky, 115 (F. Powell), 2 to 1, third, Time, 1:04. Fifth race, mile and a sixteenth—Honten won, Gateway second, G. W. Trahern third, Time, 1:30. Sixth race, six and a half furlongs, purse—Mansard won, Oeyrohe second, Ink third, Time, 1:28. Seventh race, one mile, selling—Tillman won, Forest King second, Ora Viva third, Time, 1:40.

Washington Races.

WASHINGTON, April 9.—Bennett's summary: First race, five furlongs—Esperance won, The Bowers second, Cappareno third, Time, 1:06. Second race, four and a half furlongs—Lady Frances won, Girouette second, Only One third, Time, 1:03. Third race, six and a half furlongs—Spring won, Go Between second, Tol San third, Time, 1:27. Fourth race, two miles, Southern Stables—Lester won, Agate second, Redhawk third, Time, 4:28. Fifth race, four and a half furlongs—Carroll Wilson won, Little Woods second, All Scarlet third, Time, 1:04. Sixth race, mile and a sixteenth—Sally's Delight won, Day second, East Kelson third, Time, 2:03.5.

Memphis Results.

MEMPHIS, April 9.—Montgomery park summary: First race, seven furlongs, selling—Bartmore won, Henry of Frastar second, Optional third, Time, 1:31. Second race, four and a half furlongs—Clear Lighter won, Vidalia second, Woodcham third, Time, 1:04. Third race, one mile—Auditor won, Safety Light second, Ed Tierney third, Time, 1:44. Fourth race, seven furlongs, selling—Cesar won, Orfeo second, Tom Crab third, Time, 1:39. Fifth race, about two miles, Cotton steeplechase—Stakes—Presgrave won, Golden Link second, Eva Moe third, Time, 4:41. Sixth race, mile and a quarter, selling—Lee King won, Orrelly second, Little Elkin third, Time, 2:14.

CORBETT WILL MEET

M'GOVERN AGAIN

CHICAGO, April 9.—Young Corbett and Terry McGovern are likely to meet in the ring for the third time. Harry Pollock, manager of Young Corbett, stated that the champion and the former holder of the title are likely to engage in a six-round contest at Philadelphia some time next month. That Corbett is a good six-round fighter was demonstrated here Saturday night when the champion made such a good showing against the hard-hitting Tommy Mowatt. "Sam Harris," said Harry Pollock before leaving for the East, "has been selling for another match for Terry. Two defeats have not convinced Harris that Corbett is McGovern's master. "When I get East I will take up Harris's offer. I will see that he makes the side bet that he has been clamoring for. Corbett is as great a six-round fighter as any boy in the country. I think he has it on Terry and if they meet again Corbett will put McGovern away inside of four rounds."

HIGH SCHOOLS TO HAVE TRACK MEET

May 14th Fixed as the Date for the Contest—Pennant and Medals for the Winners.

Following out the plan proposed some days ago by the university athletic council, representatives of several high schools of the State met yesterday and arranged for a track meet, to be held in this city on May 14th. The contest will be held on the 'variety field and will be participated in by the high schools of Salt Lake, Ogden and Park City. Prof. Byron Cummings of the University has provided has provided a pennant for the winning team, and will also give medals to the winners of the different events. Considerable interest has already been manifested in the event by the various high schools, and an interesting meet is anticipated. In reply to a circular letter sent out some time ago, W. M. Johnston and A. Patterson of Ogden, J. H. Hance of Park City, Prof. Cummings and Manager Risse of the University and N. Sorenson of the high school, met at the University club yesterday noon as the guests of Prof. George A. Eaton. After enjoying lunch at the club, a business meeting was held at which arrangements were made for the meet. It was decided that only the following events would be contested: Pole vault, shot put, hammer throw, broad and high jumps, 50, 100, 220 and 440 yard runs and a half-mile relay. Five points will be allowed for firsts, three points for seconds and one point for thirds. Two men from each school can be entered in each event. The idea of the track meet for high schools is to stimulate interest in the different branches of athletics among the high school students. It is the intention of the promoters to make the meet an annual event.

FLYNN AND DONOVAN REACH SALT LAKE

Two Ohio Ball Players Arrive and Report for Duty—Practice Game at Walker's Today.

"Mickey" Flynn and Donovan, the two Ohio ballplayers signed by the Salt Lake club, arrived in the city last evening and will report for duty. The boys should have arrived yesterday afternoon, but on account of a delayed train they did not get in until late last night. They repaired immediately to a hotel and retired, so as to be well rested when they report at Walker's this afternoon. Both Flynn and Donovan are young fellows who came to this city at their own expense to try for a place on the local team. Flynn is an infielder who last year made a batting mark of .412 and a fielding average of .922. If records count for anything Flynn should make a creditable success to our late lamented "Bridget" Donahue.

If the weather is fair and the diamond is in good shape today, the Salt Lake ball team will play a practice game with the Soldiers at Walker's field. Yesterday afternoon the grounds were rolled, and unless it storms this morning the game will probably be played.

Among those who will appear in the Elders' line-up this afternoon are Glimin, Hansen, "Slats" Davis, Bruyette, Hahn, and Estick, probably Flynn and Donovan. The game will be called about 2:30 o'clock.

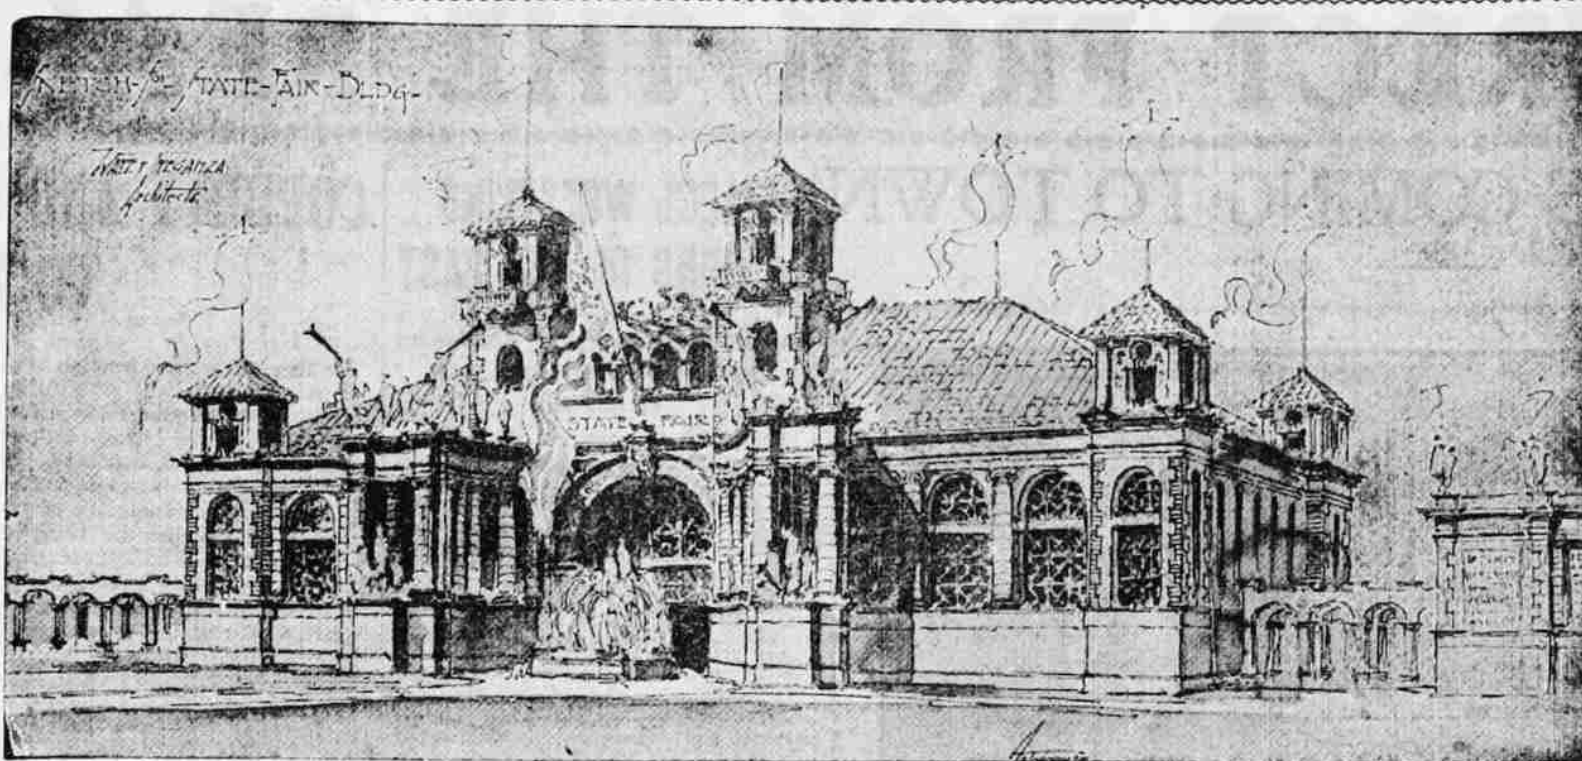

Manager Gunn of the Castilla team arrived in the city last night and reports that his team is making great headway. Clyde Hall, a pitcher formerly with Idaho Falls, has been signed and is said to be a valuable addition to the twirling staff of the Castilla team.

A practice game will be played at Fort Douglas this afternoon between the Springs team and the K. O. B. Browns.

A number of the Saints went through a vigorous workout at Walker's field yesterday afternoon. The grounds were better yesterday than they have been at any time this year and their condition seemed to be an inspiration to the players. Throughout the entire afternoon the men went through divers practice stunts, and the close all agreed that it was the best day out in this year.

Crane Wins Tennis Tourney.

NEW YORK, April 9.—Joshua Crane, Jr., of the Boston Athletic association for the fourth time won the annual championship series at court tennis today. He defeated Charles E. Sands in three straight sets, 6-1, 6-5, 6-2.

NEW BUILDING TO BE ERECTED ON STATE FAIR GROUNDS.

Agricultural park is to have another fine building before the next meeting of the State fair. The accompanying cut will give but a faint idea of the beauty of the new building. It will be erected at the north end of the present building. It will be in the Spanish renaissance style, built of buff brick and steel. It will be 100x75 feet in extent, with a ceiling 48 feet high and a gallery extending around three sides of the interior and a commodious stage.

AUTOMOBILE SHOW TO BE GIVEN SOON

Motor Car Merchants Arrange for Exhibition of Autos in This City April 28th—Big Parade.

Salt Lake is to have an automobile show. The Utah Auto company yesterday completed arrangements for a three days' show, commencing Thursday, April 28th. Twelve companies will be represented and the affair promises to be the greatest affair of its kind ever attempted in this city.

A feature of the show will be the automobile parades. Three parades will be given each day that the show is in progress. Automobiles of every type will be represented in the parade and a unique exhibition is promised. The show proper will be held in the new home of the Utah Automobile company on Market street. The interior of the building will be decorated for the occasion and an orchestra will add to the attractions during the afternoons and evenings. The different types of cars propelled by gasoline, steam and electricity will be on exhibition and the workings fully explained to those who wish to understand the details of the cars. Different styles of automobiles will be exhibited, such as runabouts, light and heavy touring cars, delivery wagons and large passenger cars. Catalogues and circulars will be distributed among the visitors and several experienced chauffeurs will be on hand to answer all questions and explain the details of the machines.

Among the different cars that will be on exhibition are the Winton, St. Louis, Oldsmobile, Cleveland, Cadillac, North, Rambler, Orient, Buckboard, Darling, Locomobile, Wood's Electric and Buickmobile.

If this show proves a success, the promoters will undertake to make it an annual event.

"DUMMY" PUTS "DEAFY"

TO SLEEP AT BINGHAM

SPECIAL TO THE TRIBUNE. BINGHAM, Utah, April 9.—"Dummy" Rowan proved his right to the deaf and dumb championship at this place Friday night, when he knocked out "Deafy" Thompson in the sixth round of a fifteen-round go. Thompson had the advantage of the first few rounds, but once the "Dummy" got warmed up, there was "nothing to it," so to speak. The mill was witnessed by a large crowd of Bingham sports and considerable money changed hands on the result of the fight.

Joe Williams Knocked Out.

NEW YORK, April 9.—Arthur Cripps, middle-weight Australian champion, is reported to have knocked out Joe Williams of New England in a bout before an exclusive club near Forty-second and Broadway. Cripps won in the second round. Charlie Mitchell, the English ring veteran, was referee.

FIRST WHEEL CLUB RUN.

Members of the Plover Wheel club will make the initial run of the season today. The riders will leave this city at 9:30 a. m. and go down to Murray for a look at the smelters. Refreshments will be served at Murray and the run home will be made late this afternoon. A large turnout is expected.

FOURTH INNING IS A BAD ONE FOR PORTLAND

SAN FRANCISCO, April 9.—The fourth proved an unlucky inning for Portland today, when Thielman, who all through the rest of the play was well-nigh invincible, was hammered for four safe hits, which, combined with costly errors, netted four runs. The Portland field work was inferior to that of their opponents. Score: R. H. E. Portland .. 4 8 5 Oakland .. 10 13 2 Batteries—Thielman and Steelman, Schmidt and Lohman.

LOOSE BALL PLAYING BY TACOMA AND FRISCO

FRESNO, Cal., April 9.—Today's game was a poor exhibition. Tacoma played in listless style and Thomas could hand out nothing. The Bay City batters could not fathom it. It looked like Tacoma's game, though, up to the eighth inning, when the San Francisco men began to land hard, a bunch of five hits, coupled with a walk or two and an error, letting in five runs. Score: R. H. E. San Francisco .. 10 13 0 Tacoma .. 4 8 5 Batteries—Jones and Hansen, Thomas and Graham.

ANGELS BEAT SEATTLE IN FAST, CLEAN GAME

LOS ANGELES, Cal., April 9.—The champions defeated Seattle today in a very interesting game. The play was remarkable for clean fielding or particularly brilliant play by either team, but there was plenty of batting, errors and kicking against decisions. Score: R. H. E. Los Angeles .. 10 10 0 0 2 4 10 4 Seattle .. 9 0 1 0 0 1 0 2 7 4 Batteries—Newton and Spies, Hughes and Blankenship.

Forbes and Goodman Draw.

CHICAGO, April 9.—Clarence Forbes of Chicago and Kid Goodman of Boston fought six rounds tonight, the decision being a draw. Gus Benahan of Cincinnati easily defeated Tommy Feltz of Brooklyn.

RIFLE RECORD BROKEN.

SPRINGFIELD, Mass., April 9.—H. M. Pope of this city tied the world's 100-shot rifle record here today with a score of 917. The record is held by D. W. King of Denver. Mr. Pope shot at 200 yards, off-hand, standard American target.

FOUR EXCITING GAMES IN POOL TOURNAMENT

Four more exciting games on the pool tables were pulled off at the Commercial club last night in the tournament being played by members of that organization. The first game was between Cleaver, handicap 55, and Overbeck, handicap 20. The former won while the other was making 21 points. Cleaver was defeated in his next game with Rookledge, both handicapped at 55, by 29 balls. Rookledge next played with Overbeck and lost, Overbeck running a handicap of 20 while his opponent made 47 toward a 55 handicap. Overbeck in turn went down before Stark, who carried his handicap of 55 while Overbeck pocketed 15 balls in an endeavor for 20.

ROBERT WALTHOUR TALKS OF FRANCE

NEW YORK, April 9.—Robert Walthour, the American pace following cycle racer, now in France, who won his first race of the season at Paris recently, writes that he expects to win the majority of the races there. His assiduity in training is a constant source of wonder.

"I arrived here on Monday morning at 8 o'clock, and by 10 o'clock I was training. These Frenchmen couldn't understand why I should get to work so quickly, but I told them that I had come over to clean them up and not to see Paris for so far as Paris is concerned, give me good old Georgia, and I am hungry to see the good red hills again. I am riding fine and feeling good.

"The track which we will race on is six laps and a little over and narrow. I am following 'Death Dealer,' and can follow as fast as it can go, so you see I am riding some. These fellows will all use larger machines than I, but you know I can get away quick, and that is where I figure to beat them, for once in front there is nothing to it but the money.

"I expect to win from these fellows easily, for I am riding faster than I ever did before, and to go miles on this track, mind you, for six laps, at 195 is easy. I can go as fast as the motor can carry me. Of course, we have wind shields on, but Gust Lawson cannot shake me with all power turned on.

"I am up early in the morning and training twice a day, and go to bed at night with the chickens. These Frenchmen do not understand why it is I am not out for a good time, but I tell them I am out for the money and to win instead."

EDWARDS LEAVES FOR SALT LAKE

Well-Known Local Horse Handler Who Has Been Touring Grand Circuit Will Return.

Information was received in this city yesterday to the effect that George Edwards, one of the best-known horse trainers and drivers of the State, who has been touring the Grand Circuit during the past year, would return to Salt Lake in a few weeks and remain here during the local racing season. This will no doubt be glad news to many of the horse-owners and fanciers of the city, for Edwards was one of the best men in the business here and his presence will add materially to the sport.

Edwards has the reputation of being "speed maker," on account of his ability to get good work out of horses that have been pronounced "dead ones." Among the animals that have been brought out and handled by Edwards successfully are Tombstone, Hobo and Emma Foote.

When Edwards took charge of Hobo, a horse of the city pronounced the animal a counterfeit and said he was not worth training. Edwards, however, believed there was something in the horse and gave him a trial. By careful, consistent handling he developed the horse and made him a winner on the northern coast circuit, where he took a mark of 2:12.

Tombstone and Emma Foote were taken East by Edwards and raced to marks of 2:08 and 2:10 respectively.

Last summer Edwards entered the employ of Monroe Salisbury and went East on the Grand Circuit. While away he came in contact with some of the best horses and trainers in the country and ought to be able to show the horses a few things about handling a race horse when he gets back.

Edwards will arrive here shortly and intends to start a public training stable.

INGOMAR TO SAIL WITH BARR ABROAD

NEW YORK, April 9.—The Ingomar, under the command of Capt. Charlie Barr, will leave prepared for the sea trip at the Harbortown yards on April 15th. Morton P. Plant, owner of the schooner yacht, sailed yesterday morning on the American line steamship St. Louis.

Mr. Plant said the yacht will try for the Emperor's cup, held under the patronage of Emperor William.

Heretofore foreign boats have not been allowed to enter this race, but this year that condition has been waived.

It is also the intention of Mr. Plant to try to bring back the Cape May cup, which was taken to England by the Genesta in 1883.

WASHINGTON, April 9.—Minister Conger at Peking cables the State department that Mr. Miller, the United States Consul at Salsburg, has been notified by the Russian authorities that mines have been placed in the river, but that neutral ships will be conducted in and out in safety.

EXCITING RACE WITH AUTOMOBILE BOATS

Motor Launch Catches Fire at Monte Carlo and Crew Takes to the Water to Escape Death.

NEW YORK, April 9.—Contests between automobile boats on Monaco bay have developed an exciting sight, cables the Herald's correspondent at Monte Carlo. Six of the racers were participating in a 250-kilometer contest when Parisienne Y., steered by Lin Currie, a well-known English yachtsman, and nephew of Sir Donald Currie, took fire. The racer carried a large tank of petroleum, and for a time it was feared that the crew of four would be roasted alive. They were finally rescued, having jumped overboard after two machinists had been seriously burned. In telling of his adventure, Mr. Currie said:

"When we started for the line we were making no speed whatever. One of our screws had snapped off, and with the two we had, steering was by no means easy. "We were just reaching the first buoy when, without the slightest warning, a huge sheet of flame shot up from the forward tank and swept our craft from end to end. I saw at once our huge petrol tank was ablaze and that our chances of getting out of such a situation were exceedingly small.

"Jump overboard," I shouted to the men, and one of them was in the water like a shot. I pitched him a life belt. The other two were trying to control the flames with two extinguishers, although they were burned in a horrible manner. It was like splitting into a furnace.

"Calling to them to follow, I jumped overboard. We had no life belts, but a punt soon picked us up and we procured oil to ease the suffering of the injured men. No doubt motor launch racing is exciting, but I prefer sailing boats and have had enough for the present."

A torpedo boat finally got a line on the burning racer and it was towed in shore, but all efforts to subdue the fire failed, and not much of the valuable machine was left when the petrol burned out. A test in one of the feed pipes is supposed to have been the origin of the fire.

Herrera and Attel Compared.

Here is some "dope" on the Herrera-Attel fight at Chicago last week, in which the Mexican lost the decision. There are a few persons in this city who insist that the "Mex" is a dub, and this is printed for their especial benefit.

Abe Attel was given a decision over Aurelia Herrera, the Mexican feather, at the American club last Monday night, says the Chicago Inter-Ocean.

The bout was one of those unsatisfactory affairs where one man does the fighting while the other trusts to a pair of fast flying heels and light, but frequently delivered jabs, to win a verdict on points. Herrera carried the fight to this man the way and tried his best to bring Attel's quick moving feet to a sudden halt by virtue of a viciously driven jab to the jaw. He failed to accomplish his purpose, but put up a fight that did not injure his reputation in the least, although he was returned the loser.

Everybody expected that Herrera, even with an advantage of some five or six pounds in weight, could stop Attel in a six-round bout. In fact, it is doubtful if there is a true light-weight in the game today that could turn such a trick, provided that Attel saw fit to make a run-away fight. Abe is an exceptionally clever youngster, slippery as an eel and a splendid ring general. Herrera jarred him a few times with his celebrated right hand hook, but in every case the punch landed too high to do the necessary damage. Yet the Mexican's aggressive tactics caught the crowd, and there were many among the spectators who believed him entitled to a draw on the strength of his earnest work.

As regards Attel, the man that local fight followers would like to see him matched against again is Harry Forbes. Their last meeting ended in a victory for the quick-footed Abe, but whether he could repeat the performance is not an open question. Forbes is in excellent shape just now and would be only too glad to take on Attel if the opportunity were given him. The challenge of Attel to Jimmy Britt or Benny Yanger, as announced after his argument with Herrera was ended, is not taken seriously. Little Abe is all right in his own class, at 112 pounds, and should stay there.
